

## **UNDERGROUND STAY INDOORS TOUR**

Montrealers enjoy the great outdoors to survive the winter during their leisure time. But the rest of the week, we have to get to where we're going and can't let the weather hold us back. Each day, half a million users appreciate the convenience of shops, restaurants, access to bus terminals and the train station, ATMs, and other services as well as the tasteful light therapy some of the passages provide.

Let me guide you through this intriguing labyrinth while explaining its origins, how and why it grew to the largest in the world by connecting to the metro system. Discover some of the most attractive passages with fabulous art on display, and explore several of the prestigious inter-connected buildings while staying warm and dry.
